

AL HIKMA COLLEGE

DISCIPLINE POLICY

Revised and updated May 2024

School has policies and procedures to ensure that it meets its legislative obligations in relation to disciplinary action based – Policy Requirement B9

Rationale

Positive and responsible student behaviour is essential to the smooth running of the school, to the achievement of optimal learning opportunities, and to the development of a supportive and cooperative school environment. All children have the right to learn and each teacher to teach in a safe, caring and orderly learning environment so that students will reach their full potential.

Aims

- To build a school environment based on positive behaviour, mutual respect and cooperation
- To manage poor behaviour in a positive and professional manner
- To establish well understood and logical consequences for student behaviour

Al Hikma College has embedded and maintained a school discipline code. Students are expected to meet the school's Discipline Code in classrooms, the playground, representing the school and while travelling to and from school.

Rules

School rules:

- Be truthful
- Be respectful
- Be kind
- Do your best, work hard
- Wear correct school uniform
- Understand and follow rules

Class Rules

Good lesson preparation, engaging lessons, a positive learning environment, established routines, firm but fair behaviour management strategies, act as deterrents for unacceptable student behaviours. Positive feedback and praise of exemplary behaviours are significant reinforcers.

Students must follow a set of class rules which are developed by the students with the assistance of the class teacher in the first week of teaching. These class rules can be displayed and used throughout the year reminding students that they were the ones that put these rules in place.

Dealing with bullying

Bullying is a form of aggressive behaviour which is usually hurtful and deliberate; it is repeated and involves a power imbalance. The underlying motive of most bullying behaviour is an abuse of power and a desire to intimidate and dominate. Bullying may involve kicking, hitting, use of force, teasing, making rude gestures, name-calling, and exclusion. Cyber bullying refers to bullying through information and communication technologies.

Bullying can involve humiliation, domination, intimidation, victimisation and all sorts of harassment including that based on sex, race or disability. Bullying of any form or for any reason can have long-term effects on those involved, including bystanders.

The school adopts a **zero-tolerance approach to bullying**. Any cases of bullying are to be referred immediately to the discipline panel, who will follow through with the appropriate disciplinary action.

Bullying that appears to involve criminal behaviour such as violence, threats, intimidation, inciting violence, hacking should be reported to the police. The Community Liaison Officer (Campsie Local Area Command, Phone - 9784 9399) will be contacted if the bullying appears to involve criminal behaviour.

Corporal Punishment

In line with government legislation *Corporal Punishment* is totally prohibited at Al Hikma College. In addition, the school does not sanction the administration of corporal punishment by non-school persons, including parents / guardians, to enforce discipline at the school. The school prohibits the administering of corporal punishment by employees of the school and non-school persons, including parents / guardians, visitors, volunteers, contractors, or any other person whilst supervising or caring for students during school sanctioned activities, even if outside the school premises. Any incidents of corporal punishment carried out by non-school persons, that the school is made aware of, will immediately be reported to the relevant authorities.

Serious incident and procedural fairness policy

At Al Hikma College we base our behaviour management practices on principles which demonstrate procedural fairness. We believe that all children are entitled to fair and transparent processes when dealing with school authorities. We apply the 'hearing rule' and the 'right to an unbiased decision'.

The school will aim to make fair decisions, reached through an objective decision-making process. The school will endeavour to conduct an investigation in a timely manner and will endeavour to conduct an unbiased investigation.

In the event of a serious incident or disciplinary matter the school will manage it adhering to the following principles. Children and their parents / guardians have **the right to be heard, which includes:**

- Knowing what is being alleged, as well as other information pertinent to the matter
- Knowing the manner in which the matter will be deliberated
- The right to respond to the allegations
- The right to seek a review of the decision reached in response to the allegation

As part of ensuring the right to be heard, consideration will be given to the diverse and multilingual nature of our school population, by informing parents / guardians that an interpreter will be provided when requested.

Al Hikma College staff will direct parents / guardians to the relevant policies and procedures on the school's website; they will also be available to parents / guardians on the school premises.

Children and their parents / guardians have the **right to an unbiased decision, which includes:**

- An impartiality in the investigation and decision-making stages
- An absence of bias by the decision maker

If the Principal reaches a decision in relation to the allegation and, where the misconduct is considered so serious that, the Principal recommends exclusion (the permanent exclusion of a student from Independent Schools) the School Board and the Principal will seek legal advice from the Association of Independent Schools NSW, of which the school is a member.

Procedures

Communication with Parents / Guardians

- Parents should be informed of behaviours causing concern which could lead to suspension
- Parents should be made aware of the school processes for suspension

- Short suspension is a suspension from or in school for up to *two* school days
- Extended suspension is a suspension for up to *five* school days

Process for Suspension

- The processes described above will also apply where a final decision is made by the Principal to exclude a student.
- Specific advice will be sought from the Association of Independent Schools if an expulsion or exclusion is recommended by the Principal

Appeals (Review process)

- Where a student has been suspended, expelled or excluded, parents / guardians may request a review of that decision. A request for review should be in writing, addressed to the Principal, outlining the grounds on which the review is being requested
- The review will be conducted by the School Board in the case of an extended suspension; in the case of an expulsion or exclusion, specific advice will be sought from the Association of Independent Schools and a specially convened panel may be assembled to conduct the review
